1	Book smart, but didn't seem to have many experiences or stories to share to engage the audience.	7/2/2018 4:19 PM
2	Jamie is very knowledgeable, but it was difficult to stay engaged and follow her presentation.	6/14/2018 7:37 AM
3	Jamie was great. She is very knowledgeable about the topic and I learned a great deal from her.	6/11/2018 6:22 PM
4	I have marked as agreed because I cannot remember if she presented or not and do not have anything close to show me what the topic was. It would be nice to include the topic next to the presenter name.	6/6/2018 11:04 AM
5	While Jamie is funny, she is not an engaging or knowledgeable speaker. It seemed as though this was an undergraduate project that she looked up on Wikipedia. She does not have depth of understanding to share at this level.	6/4/2018 8:45 PM
6	Great overview of what informatics is and where we began.	6/1/2018 9:05 AM
7	To be direct, I was not engaged in Jamie's presentation or style of presenting and I thought the presentation was vague without much meat.	5/31/2018 2:49 PM
8	Speaker was very difficult to maintain interest.	5/31/2018 11:09 AM
9	I greatly appreciate Jamie being willing to share. I felt though the content was presented not from learned experience, but more as a term report on regulations, etc.	5/31/2018 8:07 AM
10	I felt like the presentation lacked a point and the speaker was unfamiliar with the content	5/31/2018 7:32 AM

16	More colleges, Baker was great but I think we could have more and in a better location, maybe by the food or drinks?	6/1/2018 9:05 AM
17	I know that a quite a few participants show up to network, but I don't think quite a few of us know how to actually do that. Maybe an "ice breaker" or guided networking at the beginning would help with building those relationships. Could even do little sessions with rotating groups to find commonalities. 1st breakout- gather with those that have the same emr as you 2. gather with those in the same state 3. gather with those that have similar job title, etc...	5/31/2018 2:49 PM

23	A bit shorter speaking sessions (40-45 minutes). In the mornings, a break right after the first speaker when doing 60 minute sessions. Two 60 minute sessions back to back is long. Afternoon break does not need to be as long (maybe 20-30 minutes).	5/31/2018 6:44 AM
