

ANIA SoCal 2020 Conference

“Nursing Informatics Driving Data”

Poster Presentation Call for Abstracts

Abstract Submissions

Due on January 17, 2020

ANIA SoCal Chapter is pleased to announce poster presentations will be included as part of our Annual Conference on February 21, 2020.

You are invited to be a part of this educational event and submit an abstract for a poster showcasing innovative and practical ways informatics has supported safe, quality, and efficient patient care in your facility.

**The primary poster presenter will receive a \$50 conference registration discount!
See abstract details below.**

Authorship of Abstract

- Primary authors must submit the abstract with the full consent of all authors/investigators and has obtained the necessary institution clearance.
- Work that has previously been presented may be submitted.
- The primary author must be registered for the conference by the deadline. Failure to register by the deadline will disqualify the poster.

Submission Guidelines

- **Abstract Deadline Dates**
 - Abstracts must be **received by January 17, 2020**
 - Submitters will be notified of acceptance status by **February 7, 2020**
 - Poster presentation **February 14, 2020**

- **Abstract Content**

- Abstracts should fit on one (1) page, one-inch margins
- Single-spaced with \leq **500 words (not including title and authors)**.
- All references to names and organizations within the body text should be removed that could identify the author/investigators.
- Abstract should be error-free
- Provide the name, credentials, and email addresses of the primary and secondary presenter.
- Abstracts will be returned to the author if the criteria above is not met.
- Submit abstracts to CoCommunications@aniasocal.com; with the **subject line: "Abstract Submission"**

- **Abstract**

- Introduction (problem studied, background information with key references, knowledge gap)
- Purpose (succinct statement of the purpose of the study)
- Materials and Methods (describe your study methods, sample, any simulation equipment used, etc.)
- Results (if your project is complete what are your results, use graphs and tables to highlight your data)
- Discussion (synthesis of the work compare/contrast result with current literature)
- Conclusion (what is the value to practice, education, simulation community)

Topics

Research: Background/significance; Theoretical/Conceptual Framework; Design/methods; Results; Discussion/Relevance to Health Informatics

Evidence Based Practice: Background/significance; Problem Statement (PICO); Evidence/Synthesis; Implementation Plan; Evaluation and Relevance to Health Informatics

Informatics' Impact on Practice: Background/significance; Purpose/Aim; Project Description; Outcomes and Relevance to Health Informatics

Quality Improvements: Background/significance; Needs Assessment: Problem Statement; Program Design; Implementation Outcomes and Relevance to Health Informatics

Innovation in the Roles of Informatics: Background/significance; Purpose/Aim; Project Description; Outcomes and Relevance to Health Informatics

ANIA SoCal 2020 Conference

Nursing Informatics Driving Data

February 21, 2020
 Center for Healthy Communities
 The California Endowment, Los Angeles

Poster Abstract Submission Form

1. Poster Presentation Abstract form must be completed and submitted for consideration no later than January 17, 2020
2. 500 words or less; *see additional guidelines above*
3. Conference registration is required, \$50 registration discount offered for the primary poster presenter
4. Include all requested information on this Poster Submission Form (*no additional attachments*)

Poster Title:		
Presenters' Names	Phone	Email address
1.		
2.		
3.		
4.		
Organization or Employer		
Address		City, State, Zip Code
Poster Category: (<input checked="" type="checkbox"/> one) Research Evidence-Based Practice (EBP) Informatics' Impact on Patient Care Delivery Quality Improvement Innovation in Informatics roles		
Poster Display Needs (<input checked="" type="checkbox"/> one): Table top Bulletin Board Approximate size of poster:		
Membership • ANIA Member: Yes No		
If my abstract is accepted, I agree to allow my abstract to be printed in the conference program: Yes No		

Research: Background/significance; Theoretical/Conceptual Framework; Design/methods; Results; Discussion/Relevance to Health Informatics
